

Atlantic Vertical Six Brush Glass Washers

The Atlantic Six Brush machines are three-stage vertical washers designed for rigorous glass washing schedules. There are 6 wash heights to choose from ensuring an appropriate model is available for your IG or glass processing needs.

FEATURES

- ▶ Strong stainless steel chassis with stainless panels, tanks, bearings, shafts, pumps, fasteners etc.
- ▶ Three stage wash; 2 brush isolated pre-wash, 4 brush main wash, rinse section with additional filtration
- ▶ Fully hinging stainless doors and tank hatch for easy access
- ▶ Inspection screens allow viewing through all three wash stages
- ▶ Running speed 1–10 mtr/min, inverter driven
- ▶ Air blower with hot and cold switching
- ▶ Hot wash and rinse
- ▶ Working height 760mm (bottom edge of glass)
- ▶ Automatic air blower shut-off valve to avoid shadowing
- ▶ Safety switches on all doors
- ▶ Low water safety switches with visual warning
- ▶ Compatible with Atlantic Auto Assembly Line
- ▶ Choice of running direction
- ▶ Lighting panel on outfeed trackz

OPTIONS

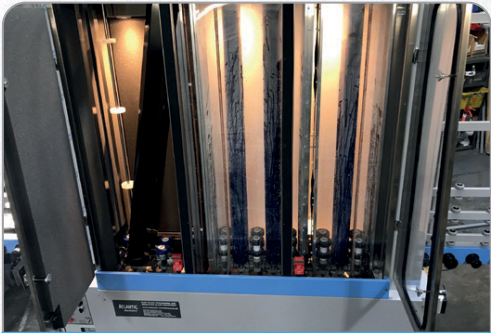

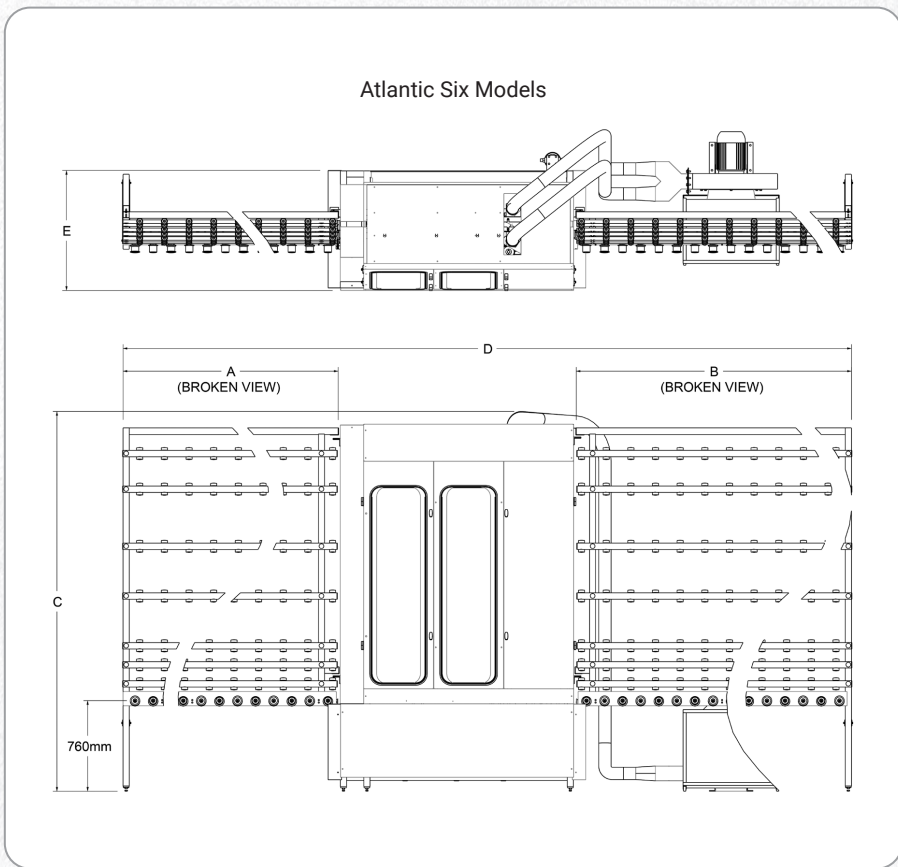

- ▶ 6-8 brush conversion
- ▶ Choice of rotary brushes
- ▶ 3–19mm glass processing modification
- ▶ Optional rack sizes
- ▶ Conveyorised racking for small glass 210 x 100mm
- ▶ Extra sound reduction
